

CAPS-Mobile FAQ

1. Introduction

This document answers common questions about the CAPS Mobile Application. It is for students, faculty members, program chairs, deans, and associate deans.

The FAQ is divided by common concerns, account concerns, role-based questions, technical issues, privacy, and support.

2. General Questions

Q: What is CAPS?

A: CAPS (Comprehensive Assessment and Preparation System) is an application that helps users access school-related tools and information in one place. It provides a convenient way to manage academic tasks, view grades, take practice exams, and stay connected with your school community.

Q: Who can use CAPS Mobile?

A: CAPS Mobile can be used by students, faculty members, program chairs, deans, and associate deans.

Q: What devices are supported?

A: CAPS Mobile is designed for Android phones. Android 8.0 or higher is recommended.

Q: Is internet connection required?

A: Yes. Internet connection is needed for Log In, notifications, quizzes, reports, analytics, and profile updates.

Q: Where can I download the APK?

A: The APK should be downloaded only from the official source given by the system administrator or development team.

Q: How do I update the application?

A: If the app shows an update message, tap Download & Install Update and follow the phone instructions.

3. Account and Log In Concerns

Q: How do I log in?

A: Open the app, enter your Instructor Code or Student ID Number, enter your password, and tap Log In.

Q: What should I do if I forgot my password?

A: Tap 'Forgot your password?', enter your registered email address, and follow the password reset link sent to your email.

Q: Why can't I log in?

A: You may have entered the wrong ID code or password, your account may not be active, or the internet connection may be unstable.

Q: Why is my account not active?

A: Some accounts may need approval from an authorized user before they can be used.

Q: How do I change my password?

A: Go to Profile, open Edit Profile, enter your current password, enter the new password, confirm it, and save.

Q: Why am I not receiving password reset emails?

A: Check if the email address is correct. Also check the spam or junk folder. If the email still does not arrive, contact support.

Q: How do I create a new account?

A: Tap Sign up on the Log In screen, complete the personal information, account details, academic information, and password steps, then submit the registration form.

Q: Why can't I register?

A: Some required fields may be missing, the password may be too short, the email may be invalid, or the selected program may not match the selected campus.

Q: Why is my new account still pending?

A: Your account may need approval from an authorized staff user before you can use the app.

Q: Can I use Google or Facebook to sign in?

A: Yes, if the Google or Facebook sign-in option is enabled and connected to your account.

4. Student FAQs

Q: How can students view grades or scores?

A: Students can view scores from quiz results, the profile screen, and performance summary areas in the app.

Q: How do I take a quiz?

A: Go to Classes, select a class, open the available quiz, tap Start Quiz, answer the questions, and submit.

Q: How do I check notifications?

A: Tap the bell icon, then select a notification to read the full message.

Q: How can I update my profile?

A: Tap Profile, open Edit Profile, update your information, and save.

Q: Why can't I access my class quiz?

A: The quiz may not be assigned yet, the due date may have passed, or the internet connection may be weak.

Q: What does the leaderboard show?

A: The leaderboard shows student performance ranking based on available quiz or practice data.

Q: How do I search for a subject?

A: Tap Search Subjects, type the subject name or subject code, and select the subject from the results.

Q: How do I start a practice exam?

A: Open a subject, read the exam information, then tap Start Exam.

Q: Can I bookmark a question?

A: Yes. Tap the bookmark icon while answering a question. You can review bookmarked questions later from the bookmarks area.

Q: What happens if the exam timer ends?

A: If the exam has a timer, the app may ask you to submit or may automatically submit depending on the quiz settings.

Q: How do I view my practice exam history?

A: Open Profile, then select Recent Performance or Practice History.

Q: How do I view my weak areas?

A: Open Profile and tap Weak Areas or Frequent Mistakes.

Q: How do I view my strong areas?

A: Open Profile and tap Strong Areas.

Q: How do I check time spent per topic?

A: Open Profile and tap Time per Topic.

Q: How do I leave a class?

A: Open Classes, select the class, then tap Leave Class if the option is available.

Q: Why can't I see a quiz in my class?

A: The quiz may not be assigned yet, may not be available for your class, or may already be closed.

5. Faculty FAQs

Q: How can faculty manage subjects?

A: Faculty members can open Subjects, select a subject, and manage available question or subject options.

Q: How can faculty manage classes?

A: Faculty members can open Classes, select a class, and view students, quizzes, and results.

Q: How do I assign a quiz?

A: Open a class, tap Quizzes, tap Assign Quiz, choose the quiz, set the details, and save.

Q: How can I send announcements?

A: Open the announcement feature, enter the announcement title and message, choose the target users, and tap Post Announcement.

Q: Why are some records missing?

A: Records may not be loaded yet, may be filtered, or may not exist for the selected subject, class, or user.

Q: How do faculty create questions?

A: Open Subjects, select a subject, choose the add question option, enter the question and choices, mark the correct answer, and save.

Q: How do faculty edit or duplicate questions?

A: Open the subject question list, tap the action menu beside the question, then choose Edit or Duplicate.

Q: How do faculty view class results?

A: Open Classes, select a class, then tap Results.

Q: What is the Assign Quiz button for?

A: It allows faculty or authorized staff to assign an existing quiz to a class.

Q: Can faculty archive classes?

A: Yes, if the archive option is available to the account. Archived classes can be viewed in the archived classes screen.

6. Program Chair FAQs

Q: How can Program Chairs monitor submissions and records?

A: Program Chairs can use dashboard tools, classes, reports, users, and subject screens to monitor academic records.

Q: How do Program Chairs view reports?

A: Open Reports, select the report needed, and review the details shown in the app.

Q: How are approvals handled?

A: Pending users can be reviewed in User Management. Authorized users can approve or disapprove accounts.

Q: Can Program Chairs send announcements?

A: Yes. Program Chairs can create announcements for selected user groups when the feature is available to their account.

Q: Can Program Chairs approve users?

A: Yes, if their account has permission. They can review pending users in User Management.

Q: Can Program Chairs manage subjects?

A: Yes. Program Chairs can use the Subjects screen to review and manage subject-related records when allowed.

Q: Can Program Chairs create quizzes?

A: Yes, if the Create Quiz or question management option is available to their account.

7. Dean and Associate Dean FAQs

Q: How can deans review department reports?

A: Deans can open Reports or dashboard tools to view department-level information and summaries.

Q: How can approvals be tracked?

A: Approvals can be tracked in User Management using filters such as Pending, Active, Inactive, and Disapproved.

Q: How do deans review analytics?

A: Open Enhancement or Analytics to view average scores, pass rate, improvement, top subjects, and weak topics.

Q: What is the difference between Dean and Associate Dean access?

A: Both roles can monitor academic data. Some user management actions may depend on the permission level assigned to the account.

Q: Can deans send announcements?

A: Yes. Deans and Associate Deans can send announcements when the announcement feature is enabled for their account.

Q: How do deans manage users?

A: Deans can open User Management, search for users, filter by role or status, and apply account actions if allowed.

Q: How do deans view weak subjects or topics?

A: Open Enhancement or Analytics and review the weak topics, top subjects, pass rate, and average score sections.

Q: Can Associate Deans manage users?

A: Yes, depending on permissions. Some actions may be limited compared with Dean access.

Q: How do Deans and Associate Deans use reports?

A: They open Reports to review recent takers, leaderboard data, user reports, and support-related records.

8. Notifications and System Features

Q: Why am I not receiving notifications?

A: The phone may be offline, app notification permission may be disabled, or there may be no new notification for your account.

Q: How do push notifications work?

A: CAPS Mobile sends notices for announcements and important updates. Users can open the notification to read full details.

Q: Can notifications be disabled?

A: Phone settings may allow users to disable notifications. However, important system messages may be missed if notifications are turned off.

Q: What is the theme button for?

A: The theme button changes the app between light mode and dark mode.

Q: What is the Admin Tools button?

A: The Admin Tools button gives authorized roles quick access to management features such as users, reports, analytics, classes, and announcements.

Q: What is the Reports Hub?

A: The Reports Hub shows recent takers, leaderboard information, and submitted user reports.

Q: What is the Enhancement screen?

A: The Enhancement screen shows student performance data such as average score, pass rate, improvement, top subjects, and weak topics.

Q: What is the Insights screen?

A: The Insights screen gives shortcut access to reports, classes, subjects, export, analytics, and other role-based tools.

Q: What is the Support screen?

A: The Support screen is used to submit or review user concerns, depending on the user's role.

Q: Can I print or export reports?

A: Yes, if the export or print option is available to your role.

9. Technical Issues and Troubleshooting

9.1 The app crashes after Log In.

Problem: The app closes or crashes after Log In.

Possible Cause: The app version may be outdated or the phone has low memory.

Recommended Solution: Restart the app, close unused apps, and install the latest APK.

9.2 The screen loads slowly.

Problem: The dashboard or page takes too long to load.

Possible Cause: Weak internet connection or slow server response.

Recommended Solution: Use a stable internet connection and refresh the screen.

9.3 The APK cannot be installed.

Problem: The phone does not allow APK installation.

Possible Cause: Unknown source installation is blocked.

Recommended Solution: Allow installation from the browser or file manager, then install the APK again.

9.4 The app freezes during quiz submission.

Problem: The app stops responding while submitting a quiz.

Possible Cause: Internet connection may have been lost.

Recommended Solution: Wait for the connection to return. If needed, reopen the app and check if the submission was saved.

9.5 The update required message keeps showing.

Problem: The app keeps asking for an update.

Possible Cause: The installed version is lower than the required version.

Recommended Solution: Download and install the latest APK version.

9.6 Profile changes are not saved.

Problem: Updated profile details do not save.

Possible Cause: Required fields may be missing or the connection may be unstable.

Recommended Solution: Complete all required fields and try again with a stable internet connection.

9.7 The subject list is empty.

Problem: No subjects are shown.

Possible Cause: The selected filters may not match any subject, or the data did not load.

Recommended Solution: Clear the filters, refresh the screen, and check the internet connection.

9.8 The class quiz does not start.

Problem: The class quiz cannot be opened.

Possible Cause: The quiz may be closed, unassigned, or unavailable.

Recommended Solution: Check the class quiz status or ask the faculty member.

9.9 The answer choices do not load.

Problem: A question opens but choices are missing.

Possible Cause: The exam data may not have loaded completely.

Recommended Solution: Refresh the exam screen or reconnect to the internet.

9.10 User approval does not work.

Problem: The approve or disapprove button does not work.

Possible Cause: The account may not have permission, or the connection may be unstable.

Recommended Solution: Check permissions and try again with a stable connection.

9.11 Reports do not show data.

Problem: Reports are empty.

Possible Cause: There may be no records yet, or filters may hide the data.

Recommended Solution: Refresh the screen, clear filters, or check again after users submit records

10. Privacy and Security

Q: Is user data secured?

A: CAPS Mobile uses account Log In to protect user access. Users should keep their password private.

Q: Who can access my information?

A: Access depends on the user's role and system permissions. Users should only see information allowed for their account.

Q: How is password security handled?

A: Passwords should be kept private. Users can change their password through the Profile screen or reset it through email if forgotten.

11. Contact and Support

Q: Who should I contact for help?

A: Contact the system administrator, support email, or Team CAPS.

Q: What details should I include when reporting a problem?

A: Include your role, the screen where the problem happened, the action you were doing, the error message if any, and a screenshot if possible.
